

Blackduck FRC Code of Conduct

1. Gracious Professionalism
 - a. *Gracious Professionalism* is part of the ethics of *FIRST*. It's a way of doing things that encourages high-quality work, emphasizes the value of others, and respects individuals and the community.
 - b. With *Gracious Professionalism*, fierce competition and mutual gain are not separate notions. Gracious professionals learn and compete like crazy, but treat one another with respect and kindness in the process. They avoid treating anyone like losers. No chest thumping tough talk, but no sticky-sweet platitudes either. Knowledge, competition, and empathy are comfortably blended.
 - c. In the long run, *Gracious Professionalism* is part of pursuing a meaningful life. One can add to society and enjoy the satisfaction of knowing one has acted with integrity and sensitivity.
2. No putting others down or discouraging others.
3. No PDA with couples (must remain professional in any FRC environment including the school during robotics activities).
4. Respect yourself and others.
5. No goofing off with tools (SAFETY).
6. No inappropriate behavior.
7. Drugs and alcohol are prohibited. Even if you are 18 any tobacco use is prohibited during any and all robotics activities.
